

# Astro Camp Saturday 2006

## October 14 and October 21

### International Space Station

On this mission to the ISS campers will learn how to be an astronaut. They will also learn the parts of the International Space Station and build their own model of the ISS.

## November 4 and November 18

### First Flight to Space Flight

During this mission, campers will learn the history of flight from kites to modern day space travel. Activities include making several types of kites, learning about hot air balloons and the propulsion principles that send the Space Shuttle into orbit.

---

### REGISTRATION FORM FOR ASTRO CAMP SATURDAY 2006

Please circle the camp or camps your child plans to attend:
